## Green Paper – Community Consultation Questions

Name and contact details (optional)

- 
- Page 6** • Is the Tasmanian health system all it should be, or should we be open to change in order to improve outcomes for all Tasmanians regardless of where they live?

**Response:** *Be open to change but the community must be kept informed at all times*

- Page 16** • How would you find out about what travel support, information and services are available to you to get the right care, by the right person, the first time?

**Response:** *By a single web site within the Health system*

- Page 16** • If you are already a user of these services, are they sufficient?

**Response:** *yes*

- Page 17** • If it improves the quality and safety of care, do you agree we should limit the number of sites at which some services are provided?

**Response:** *yes as long as we are kept informed of the changes and the reason*

- Page 17** • If yes, what should we consider in deciding where a service is located and what support needs to be considered to ensure patients have equitable access?

**Response:** *Major surgeries non urgent*

---

---

**Page 22** • What services do you currently receive in a hospital setting that you think could be safely delivered in your community?

**Response:** *None yet*

**Page 23** • How can we better help you understand the standard of care you are entitled to, and support your involvement in your healthcare decisions?

**Response:** *Forums within the community information*

**Page 24** • What public-private partnerships should we explore for the delivery of health service in Tasmania?

**Response:** *None due to costs to the community*

---
